E4E Solutions, LLC
990 Hammond Drive, Suite 1010
Atlanta, GA 30328

It is pleasure for the Community Food Bank to write this letter of thanks for the excellent works of E4E Solutions, LLC. Our mission is to feed the hungry community of North Texas directly as a **food pantry**, where we serve an average of 350 families' a day from our food door, and as a **food bank**, where we serve other pantries from our back dock doors. Both are done **freely** and **without zip code restrictions**. This free service to the community was literally being done with sub standard lighting. The food pantry door, with our host of volunteers, was actually in the dark!

The E4E Solutions, LLC made significant improvements to our lighting in our warehouse and offices. Michael McMurtry and Gary Howard put their heart and vast knowledge to make this project work. These two men could not have been easier to work with and always took the time to explain each step.

E4E Solutions, LLC Improvements Include:

- Less energy usage and increase illuminate 50% to 75%, depending on the area
- Redesign of our warehouse and office lighting systems
- Greater efficiency of our freezer and refrigerated motors
- Phenomenal reduction in electrical energy usage
- Improved quality of the overall food bank appearance
- Enabled staff and volunteer to work in a safer and highly visible environment

E4E Solutions, LLC conscientious willing to give back to our community in need, with a all encompassing approach to finding the perfect solution to our need, is nothing short of an enlighten miracle!

"We can now work safer and the difference in our warehouse is like night and day!" said the Chief Operations Officer, Rudy Taylor.

Thanks for implementing this much needed project and for the compassion you have in helping us feed the hungry, safely and efficiently. **E4E Solutions, LLC rocks!**

Sincerely,

Regena Taylor
